The History of American Ambulance Service

This family owned service has been providing Emergency Medical Services to residents of Connecticut and Rhode Island since 1972. American Ambulance Service, Inc. began with two used ambulances that were dispatched out of an old service station. Approximately 13 years later we moved into our current contemporary base of operation located at One American Way in Norwich, CT. In 1998 American Ambulance became the exclusive EMS provider for the Mashantucket Pequot Tribal Nation and Foxwoods Resort Casino, the largest casino in the world. We are proud of our growth and we now have a fleet of over 50 vehicles.

American Ambulance Service is a premier EMS service. We take great pride in the fact that our staff considers patient care to be their top priority. Our employees are truly “Dedicated, Professional People Committed to Excellence, Caring for YOU!”

Statement of Values

Pride

At American Ambulance, we are proud of our commitment to high quality patient care. Our reputation for quality service and excellent care has been achieved by the personal integrity, good judgment and common sense of our employees.

Training

American Ambulance is proud to work with American Professional Educational Services to offer diverse training opportunities for our employees and our community.

Career and Growth Opportunities

The American family consists of hard-working individuals who come together to deliver the best possible patient care to our community. We strive to hire and retain the most dedicated, professional people in emergency medical services. So, If you are looking for an opportunity to work with great people and expand your horizons, then American Ambulance is a great choice for you. American Ambulance is committed to helping our employees grow as individuals and in their career.

Equipment

We have Zoll M-Series CCT Biphasic Defibrillators with 12-Lead ECG, End Tidal CO₂/ Capnography Monitoring, Noninvasive Blood Pressure Monitoring, SPO₂ Monitoring, and Noninvasive Transcutaneous Pacing ability for the paramedics, and we have AEDs on every ambulance. EMS crews use Panasonic Tough Books to complete their patient transportation forms. These Tough Books are integrated with our Dispatch and Billing software, and with the Zoll Defibrillators. Our well-maintained vehicles are built to strict safety standards and are kept stocked above mandates. The equipment is inspected regularly, and replaced accordingly.

- We are committed to providing the highest quality patient service and care.
- We provide a safe, secure working environment for all our employees in a supportive professional atmosphere.
- We will continue to hold ourselves to the highest standards of our profession through honesty, integrity and pride in everything we do.
- We will remain a responsible partner dedicated to the future of our community.
- We will always be a leader in developing innovative approaches to enhancements in customer service and care.
- Our corporate family is a team of dedicated professional people who live and work by these fundamental values.
